

Bendigo Hospital Project Construction Update

Notification of variation to normal working hours in May 2015

Dear Resident,

Over the coming period our two final tower cranes Ben and Maximus will be removed. This will see the third and fourth of the tower cranes removed from site.

Due to the nature of the work, their removal will require some construction activity outside of regular working hours.

Details:

Over Saturday May 30th and Sunday May 31st Tower Crane 'Ben' will be removed.

A date for the remaining crane to be removed will most likely take place in late June. Notification will be provided closer to the time.

This work will take place between 7.00am and 7.00pm on Saturday and from 7.00am until 5.00pm on Sunday.

Approval for the work in excess of our regular construction times has been granted by the State Government.

Reminder about the regular construction times

Unless otherwise approved, construction activity on the site is restricted by our planning permits and will generally occur between 7.00am – 5.30pm Monday to Saturday. Work is permitted to occur up till 7.00pm weekdays and until 5.00pm on Saturdays. The site will generally be closed on Sundays and public holidays.

How to contact the project

If you have any questions over the course of the project you can contact us via the following;
