

# Re-opening of Mercy Street

## **IMPORTANT NOTICE: Mercy Street reopens May 9**

Traffic and pedestrian access to Mercy Street is set to reopen on Monday May 9, 2016. The improved resurfaced street will feature newly designed parallel parking bays, aggregate footpaths, improved concrete kerbs, edging and channelling.

From Monday May 9, vehicles and pedestrians accessing Mercy Street via Barnard Street will be able to resume normal access to destinations such as the current hospital kitchen; Monash School of Rural Health; La Trobe Rural Health School and the Good Loaf café plus the John Lindell Rehabilitation, Marjorie Phillips and Hospice Units.

The temporary detour via Arnold Street provided during the closure will no longer be in use, as traffic conditions resume to normal.

Mercy Street will form the new hospital's public entrance and we thank you for your cooperation during this part of the Bendigo Hospital Project.

Map supplied for guidance.
